Questions from MCC to Industry

# Cost Savings

- Which cost elements are most likely to be positively impacted by cost efficiencies (i.e., economies of scale) if a single firm wins more than one contract?
- Input on the proposed price evaluation methodology?

# Quotation/Award Sequencing

- What are the programmatic/technical impacts of rolling submission deadlines and sequential award decisions?
- What are the impacts on pricing?
- In general, any input on the projected timeline?

Closing Remarks

# Next Steps

- Attendee list and all written event materials will be posted on FedBizOpps by the end of the week.
- It is the vendor's responsibility to monitor FBO for the RFQ.
- Additional *feedback* on procurement-specific issues may be submitted to Jackie Naranjo and Dave Fuller via email. However, specific *questions* about the requirement should be held until RFQ release.
- Attendees are encouraged to send in written feedback regarding areas for improvement for future MCC industry days.
